REQUEST FOR ENTRY OF CERTIFICATE OF CORRECTION

Dear Sir:

Attached hereto is a PTO Form PTO/SB/44 (PTO-1050) identifying certain minor errors in the above-identified patent. The Office is requested to enter this Certificate. In particular, the changes to claims 2, 3 and 4 are being made to conform the preambles in dependent claims 2, 3, and 4 to the preamble of independent claim 1, which was changed during prosecution. The failure to make corresponding changes to claims 2, 3, and 4 to refer to claim 1 as amended was a clerical error. The changes to claim 5 are being made to provide consistency with other references within claim 5 to a 'base station repeater cell' (e.g., column 7, lines 8, 10-11, 12, 14, 15-16, 18-19, 21, 28, 29-30, and 32-33). It is noted that there is antecedent basis for a "base station repeater cell," such that it is clear from the claim language that this is a minor change to correct a clerical error. The changes to claims 14, 15, and 16 are being made to conform the preambles of dependent claims 14, 15, and 16 to the preamble of independent claim 13 to correct clerical errors. The change to claim 17 is being made to provide consistency with other references related to 'second outgoing data signal...to said subscriber unit' including claim 19 (column 10, lines 4-5) and claim 20 (column 10, lines 9-10), is consistent with the prosecution history, and is a minor change to correct a clerical error. No substantive changes are being requested.

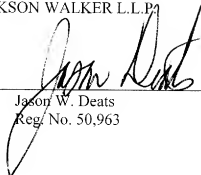

The Commissioner is authorized to charge the \$100.00 fee, and any other fees that may be due, to Jackson Walker L.L.P. Deposit Account No. 10-0096.

Dated: September 29, 2009

Respectfully submitted,
